Learn To Skate

WINTER 2010

Flynn Rink Learn to Skate provides skaters of all ages with a fun and exciting environment to develop the fundamentals of skating. Skaters are placed in groups based on age and skill level, and work with our qualified instructors over the course of an eight to learn basic skills and technique. Skaters will be evaluated by the instructor at the end of each session, and awarded a Basic Skills Badge and certificate with the goal of progressing to the next level! Proper attire is required. Great for aspiring hockey and figure skaters!
